However, the good news is that early detection can make a real difference as to whether someone with bowel cancer survives. The NI Bowel Cancer Screening Programme is offered every two years to all men and women aged 60 – 71 and aims to detect bowel cancer at an early stage when treatment is more likely to be effective. The workshop will raise our awareness of the screening programme, the signs and symptoms to look out for, how a healthy lifestyle can reduce the risk of bowel cancer and how screening can help detect bowel cancer in the early stages. Please come along. Cuppa tea at 10.30am, starting at 11am and running to 12.30pm in Carcullion House. Cost £2. Everyone welcome.
